Notes:

1. 13 Series head units will require a software update to be compatible with the jLink2 if the head unit did not come with the jLink2 cable. (Early VM8013's came with the original (White) jLink cable)

2. * The Scosche IFWA charging adapter **is** compatible with the (Black) jLink2 cable for charging newer Apple devices. In order to charge newer Apple devices the IFWA (PASSPORT) must be used. For iPod nano (4th / 5th Gen), iPod touch (2nd / 3rd Gen) and iPh

3. **iPod (4th Gen) is not compatible with the original (White) jLink cable for connectivity.
