### Important notes about the USB Charger

The 2.1 Amp outlet on this charger is optimized for use with certain types of devices such as the iPad®. As a result, the 2.1 Amp outlet may not charge all models of all brands of your mobile devices. If any of your devices will not charge using the 2.1 Amp outlet on this charger, use the other outlet to charge that device.

### Connected Equipment Guarantee

Your Connected Equipment Guarantee covers the original purchaser for connected equipment damaged by a transient voltage surge/spike ("Occurrence") while properly connected through this surge protector for a period of five (5) years from the date of purchase (see your package for amounts).

VOXX Accessories Corporation will repair the damaged equipment or will reimburse an amount equal to the fair market value of the equipment or the original purchase price of the equipment, whichever is less, up to the maximum amount set forth for the Connected Equipment Guarantee for this surge protector.

The fair market value of the equipment shall be the current value of the equipment specified in the most recent edition of the Orion Blue Book by Orion Research Corporation, Roger Rohrs Publisher. The cost, if any, of shipping equipment to and from such repair facility shall be borne solely by the original purchaser.

VOXX Accessories Corporation reserves the right to inspect the damaged surge protector and the damaged equipment, and the site where damage occurred. All cost of shipping the damaged surge protector and the damaged equipment shall be borne solely by the original purchaser.

### The Connected Equipment Guarantee is Null and Void If:

- The surge protector and/or the damaged equipment in use during the Occurrence is not provided to VOXX Accessories Corporation for inspection upon VOXX Accessories Corporation's request.
- VOXX Accessories Corporation determines that the surge protector has been improperly installed, altered in any way, tampered with, and that the damage did not result from the Occurrence or that no Occurrence in fact took place.
- The damaged equipment is covered by a manufacturer's warranty, service contract, or insurance. The coverage under the Connected Equipment Guarantee is secondary to any applicable warranties, service contracts, and all other insurance.
- VOXX Accessories Corporation determines the connected equipment was not used under normal operating conditions or in accordance with labels and instructions. The surge protector must be connected directly to the power source and must not be "daisy-chained" together in serial fashion with other powerstrips, UPS, or other surge protectors or power cords.
- The Occurrence is due to low voltage disturbances (i.e. brown out or sags).
- VOXX Accessories Corporation is not permitted to promptly inspect the site where damage occurred.

### Filing a Claim

To receive service under this Guarantee, you must be the original purchaser/user of the product in question. All damage claims must be made within 15 days from the date of the Occurrence and must be accompanied by a receipt for the damaged equipment or the Connected Equipment Guarantee is void.
