

The **AV7800** Seat Back Series is designed for Active Head restraint equipped vehicles. These attractive entertainment pods are only 1-1/2" thick with High Resolution LCD displays that include covered back cases to match your vehicles seating. Each LCD monitor is pre-loaded with 50 on-board video games. In addition, there is a universal mounting system that will fit most adjustable headrest equipped vehicles.

## ADVANCED FEATURES

**7-INCH HIGH RESOLUTION LCD DISPLAY** – Enjoy your favorite movies, television shows, and music videos on an 7-inch High-definition LCD screen and experience them all in greater detail.

**DIGITAL SYSTEM** – Digital video signals from the DVD/CD/MP3 player (1080p file format support | 480 playback resolution) and USB inputs are passed on to the monitors in true digital form so what you get is the best quality picture possible from an in-car entertainment system. The all-channel FM modulated radio transmitter plays audio through the vehicles sound system with the ability to add front seat remote controls for each screen.

**CONVENIENT MEDIA CONNECTORS** – Whether you have a hard drive full of movies that uses a USB, 3.5mm AUX input to connect external sources and a second auxiliary input for video game consoles, outputs for 2 additional screens. The system is ready to accept different types of connections.

**USB INPUT** – Load a USB device full of movies, videos, and pictures for hundreds of hours of audio/video entertainment. The USB connection has an output of 2.5 amps for powering and charging today's most popular devices.

**GAMING** – Connect with the systems included wireless game remote and enjoy playing any of the systems 50 built-in video games. If that doesn't fulfill the experience, use the AUX input to connect your own game console.

**VEHICLE SPECIFIC / UNIVERSAL MOUNTING DESIGN** – Custom mounting systems for Mercedes, BMW, Lexus, Chrysler / Dodge vehicles are available. In addition, there is a universal mounting system that will fit most adjustable headrest equipped vehicles. (See Seat-back Guide for complete listing)

**MATCHING FACTORY WARRANTY** – The system is covered under the same bumper-to-bumper vehicle warranty.
