Congratulations on purchasing your new RCA Player.
Please read these instructions for quick tips on using the player.

Getting started

1. Install the battery into the player:
• Apply thumb pressure to slide the battery compartment cover in the direction of the arrow, then remove the cover.
• Insert the supplied AAA battery, following the polarity marks in the battery compartment.
• Replace the cover.

2. Rotate the USB plug out of the player body and connect the player to your PC as shown.

3. The RCA easyRip™ Media Software installer is stored on the player. Go to **MyComputer** in the Start menu, find and open the drive letter associated with the player (i.e. RCA MP3) and then double-click the **rcaeasyrip_setup.exe** file to launch the installer.

4. Transfer audio files to your player using either of the two methods below:
a) **RCA easyRip**: Helps to rip CD's, create playlists, load content and manage your library with an intuitive and modular design. Click the easyRip icon ( ) on your PC desktop to launch the software.

* RCA easyRip is currently not compatible with Audiobooks.
