

VOXX Electronics Partners with DWFritz to Deliver Installed Power Solutions

ORLANDO, FLORIDA – JANUARY 9, 2019 – LVCC – CENTRAL HALL BOOTH 13518-

[VOXX Electronics Corporation \(VEC\)](#), a wholly-owned subsidiary of [VOXX International Corporation](#) (NASDAQ: VOXX), together with DWFritz, a leader in developing and manufacturing assembly and inspection equipment have partnered to deliver installed power solutions, providing on-board, on-demand assistance in the event a vehicle owner needs it.

“We have remained committed to bringing new products to our customers and are excited to introduce a new product line offering with the introduction of the VOXX Power Systems. This new line offers installed power solutions that provide on-board demand battery backup in the event a vehicle owner needs a boost,” said Aron Demers, Senior Vice President, VOXX Electronics Corporation. “No longer do consumers need to rely on roadside assistance or portable jump packs to assist them when they have a dead battery. The VOXX Power Systems will be here 24/7 whenever the need

arises to jump a battery.”

Never worry about a dead portable jump pack, missing jumper cables or waiting around for roadside assistance ever again! The new VOXX Electronics Installed Power Solutions offers a safe and easy to use pre-installed, on-demand power source that is always there when you need it the most. The system activates manually or through Apps for Android and iOS devices, monitors battery health and sends notification alerts to your smartphone or tablet, charges automatically, and cannot be overcharged, includes a built-in flash light, emergency flashers, USB charging ports and a plug-in for jumper cables for jumping other cars.
