## Audiovox and Jensen Add Punch to the *Blender* Mix

**BLENDER**  
THE ULTIMATE GUIDE TO MUSIC AND MORE

**AUDIOVOX**  
ELECTRONICS CORP.

## *Blender* Magazine Issues Star-Power Coverage to Audiovox and Jensen Mobile A/V This Month!

The April issue of *Blender* magazine — “The Ultimate Guide to Music and More” — pays crazy homage, to Jensen mobile audio and Audiovox mobile video technology. With hot VOXX products playing a central role in their “Car Makeover Madness” roundup. Jensen’s in-dash VM9510, which is breaking sales records everywhere, highlights the install. Audiovox is clearly represented as the mobile video industry leader with overheads, headrests and DVD player. *Blender* boasts 2,100,000 impressions annually — which means tons of automobile A/V enthusiasts will read how Audiovox is driving this category... driving these “playahs” straight to your door!

... and that’s “da buzz” for now!
